Dear Dr. Cohen,

Thanks for your note of the 10th.

It reminds me that I forgot to tell you that the witnesses subpoenaed are Gottlieb, Leahbrook, Geshickter and Pasternak.

If your friend is able to obtain a second copy of the proceedings I would appreciate one. I am not now able to get to the GPO store and my Senator has tired of getting these kinds of things for me.

But only if it is no great trouble.

You should have 650-700 pages of Part 1 by the time you get this.

There will be a slight delay with the balance. Our copier ran out of toner. The supplier is 25 miles away. We had written for it and today we phoned for it. Until we have a supply we can't copy.

But we should have it early in the week.

There has not been a local story about the Olson case since they were paid.

Auwet recently became a member of the local school board.

Sincerely,

Harold Weisberg
